

## GAALSHIP® HF 250 OSA

Pairs/triples twisted cables for telecommunication and instrumentation, overall screened, armoured

ELETTROTEK KABEL® GAALSHIP® HF 250 OSA

### Applications:

Instrumentation cables for fixed electrical installations aboard ships, screened against electromagnetic interferences, complying with IEC 60092-352

### Construction:

|                        |                                                                                                                                                                                                                           |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Conductor:</b>      | Plain annealed copper or<br>Tinned annealed copper conductor<br>Cl. 2, acc. to IEC 60228, DIN VDE 0295                                                                                                                    |
| <b>Insulation:</b>     | GAALTHERM® 595                                                                                                                                                                                                            |
| <b>Cores color:</b>    | Pair: black- light blue<br>Triple: black- light blue - brown                                                                                                                                                              |
| <b>Stranding:</b>      | Core laid-up together in pairs/triples                                                                                                                                                                                    |
| <b>Overall screen:</b> | Aluminium/polyester tape with tinned<br>annealed copper stranded drain wire                                                                                                                                               |
| <b>Armour:</b>         | Plain or tinned annealed copper wires<br>braid acc. to IEC 60092-350                                                                                                                                                      |
| <b>Outer sheath:</b>   | Halogen free thermoplastic compound<br>SHF1<br>acc. to IEC 60092-360,<br>thickness acc. to IEC 60092-376                                                                                                                  |

### Technical data:

|                                   |                    |
|-----------------------------------|--------------------|
| <b>Nominal voltage:</b>           | 150/250 V          |
| <b>Temperature range:</b>         | -40°C up to +90°C  |
| <b>Installation temp.:</b>        | -5°C               |
| <b>Short circuit temperature:</b> | +250°C             |
| <b>Min. bending radius:</b>       | 4 x Outer diameter |

### Type Approvals/Certificates:

**RINA / RINAMIL** (Registro Italiano Navale)  
**BV** (Bureau Veritas)  
**LR** (Lloyd's Register)  
**DNV-GL** (Det Norske Veritas - Germanischer Lloyd)  
**ABS** (American Bureau of Shipping)  
 Other approvals on request

### Resistance:

**Flame and fire retardant acc. to:**  
 IEC 60332-1-2,  
 IEC 60332-3-22

**Halogen free acc. to:**  
 IEC 60754-1/2

**Smoke emission properties acc. to:**  
 IEC 61034-1/2

### Features:

Sheathing and insulating materials acc. to IEC 60092-360  
 Design guidelines acc. to IEC 60092-350/376  
 Choice and installation of electric cables acc. to IEC 60092-352  
 Cold bend test at low temperatures  
 acc. to IEC 60092-350 art. 8.9 and Annex E (-40°C)  
 Cold bend impact at low temperatures  
 acc. to IEC 60092-350 art. 8.9 and Annex E (-35°C)  
 On request class 5 conductor acc. to IEC 60228

## GAALSHIP® HF 250 OSA

Pairs/triples twisted cables for telecommunication and instrumentation, overall screened, armoured
